

Teachers and students get a complete version of the latest Microsoft Office free to use as long as they are a teacher or student in the School District of Osceola County.

Students...

- Go to Office.com/GetOffice365 to learn about Office365
 - Go to portal.office.com
 - Use the following login credentials:
Username: **StudentID@student.osceolaschools.net**
Password: **Active Directory Password**
 - You can access your account anytime from portal.office.com
-

Reminders and Tips:

- Never place confidential student information into your cloud storage
- If you don't have Office 2013 installed on your school computer, see your school tech specialist
- Office365 can be used on the web or via apps/programs from any web enabled device
- Osceola Office365 accounts are considered "business" accounts and should be used for schoolwork and communication
- If you already have a consumer version of Office365, be aware that the school version uses a different login portal and business versions of mobile apps.
- OneDrive cloud storage should eliminate the need for USB drives
